

AMERICAN SOCIETY OF HEMATOLOGY
Nominating Committee

Nominations for ASH Leadership and Committee Positions

We need your help identifying "new blood"! ASH is currently accepting nominations for leadership and committee positions. The Society seeks a balanced committee membership that mixes bright, enthusiastic people with seasoned committee members. Nominations received for leadership and committee positions are compiled and reviewed by the Nominating Committee in the spring of each year. Based on this pool of nominees, the Nominating Committee makes its recommendations to the President-Elect and Executive Committee. Nominations, including self-nominations, must include name, institution, and a brief paragraph describing the reason why the ASH member is being recommended for service. Nominations must include all requested information. Thank you.
