

# Research Centers in Uruguay Added to IC-APL

At its meeting on Thursday, the International Consortium on Acute Promyelocytic Anemia (IC-APL) voted to include Uruguay in the program. Research centers in Uruguay will join those in Brazil, Jordan, and Mexico to implement standardized treatment regimens in order to build the capacity of clinicians to conduct clinical trials.

Learn more about this and other ASH international initiatives at the International Members Committee Program, being held today from 9:30 – 11:00 a.m. in Room 315 of the West Building, Orange County Convention Center.
