

HEMATOLOGY CROSSWORD PUZZLE

Created by David Steensma, MD

Across

- 9 Sleep disorder that can cause erythrocytosis
- 10 Non-SI units of ionizing radiation
- 11 Enzyme useful for re-suspension of adherent cells in tissue culture
- 12 Class of drug that indirectly increases CD4 counts
- 13 Japanese carp
- 14 A gut complication of vinca alkaloids
- 16 Blast, ___ myelocyte, myelocyte, metamyelocyte, band
- 17 His test for PNH has been superseded by flow cytometry
- 18 If a patient with Ph+ ALL doesn't have one, a call to the NMDP is in order
- 20 Detection of t(4;14) in this condition is cause for sorrow
- 21 World's largest hematology organization
- 24 Types of stem cell transplantation: allogeneic, autologous, ___ geneic
- 25 Slang term for opioid analgesic developed in Germany in 1916
- 26 Unit for rating the strength of an MRI magnet
- 28 Inflammatory marker that correlates well with serum IL-6
- 29 H63D polymorphism in this gene has low penetrance

- 30 Annual meeting session featuring the very best abstracts
- 33 Common cause of menorrhagia
- 34 His razor is often invoked in differential diagnosis

Down

- 5 The most interesting medical specialty
- 6 Retrovirus prevalent in Okinawa
- 7 Neoplasm described by John Hughes Bennett and Rudolf Virchow in 1845
- 8 Tetroxide of this element is useful in electron microscopy
- 14 What you get when you force expression of Oct-3/4, SOX2, c-Myc, and Klf4
- 15 Cryopreservation of this substance can preserve fertility
- 16 Cryoglobulinemia can precipitate Raynaud's _____
- 17 Intrathoracic organ chiefly of interest because of its role in pumping blood
- 19 Cell type often increased in CML
- 22 Two alpha chains and two beta chains
- 23 Cell type first observed in Walter Clement Noel of Grenada
- 27 Virchow compared amyloid to this carbohydrate
- 29 What ferrochelatase turns protoporphyrin IX into
- 30 ___ and trough levels
- 31 JAK2 V617F is encoded by #14
- 32 Southwestern U.S. city that is the sunniest place on earth, according to Guinness

Look for the answers in Sunday's issue.
