

# ASH AWARDS PATHWAY

### Medical Student and Early Career:

- HONORS:** Hematology Opportunities for the Next Generation of Research Scientists
- MGSAAA\*:** Minority Graduate Student Abstract Achievement Award
- MHGA\*:** Minority Hematology Graduate Student Award
- MMSAP\*:** ASH Minority Medical Student Award Program
- MRHAP\*:** ASH Minority Resident Hematology Award Program
- PHY-SCI:** ASH Physician-Scientist Career Development Award

### Career-Enhancement Awards and Training Programs:

- ASH-AMFDP\*:** Harold Amos Medical Faculty Development Program
- Bridge Grant**
- CRTI:** Clinical Research Training Institute
- MEI:** Medical Educators Institute
- MHFA\*:** Minority Hematology Fellow Award
- RTAF:** Research Training Award for Fellows
- Scholar Award**
- TRTH:** ASH-EHA Translational Research Training in Hematology

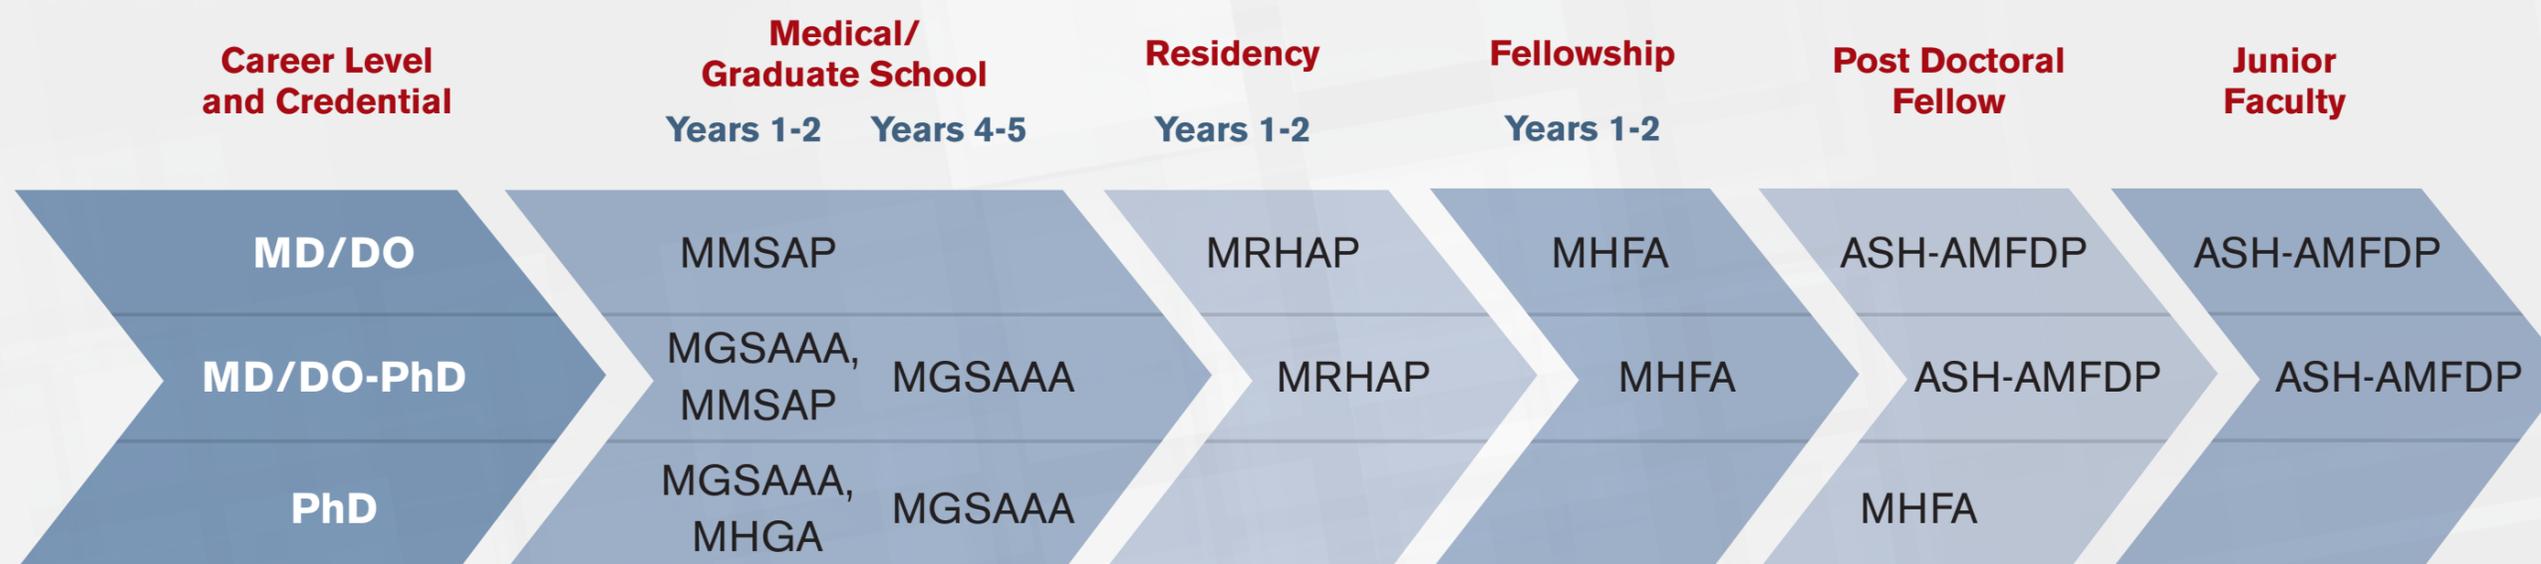

Interested individuals are encouraged to review individual program pages in detail. Individuals are eligible and encouraged to apply for subsequent experiences.

For more information and how to apply, visit [www.hematology.org/Awards](http://www.hematology.org/Awards)

\*A program within the ASH Minority Recruitment Initiative (MRI), which is dedicated to supporting underrepresented minorities training in hematology-related fields. [www.hematology.org/MRI](http://www.hematology.org/MRI)

# ASH MINORITY RECRUITMENT INITIATIVE (MRI) AWARDS PATHWAY

The MRI Initiative includes an unbroken longitudinal pathway of programs to support the careers of future hematologists. ASH is here to provide support every step of the way. For more information, visit [www.hematology.org/MRI](http://www.hematology.org/MRI).

**ASH Harold Amos Medical Faculty Development Program (ASH-AMFDP)** offers up to four years of postdoctoral research support to historically disadvantaged physicians committed to developing careers in academic medicine.

**Minority Graduate Student Abstract Achievement Award (MGSAAA)** offers an ASH annual meeting travel stipend to PhD students engaged in hematology research.

**Minority Hematology Fellow Award Program (MHFA)** encourages junior researchers to pursue careers in academic hematology. The award offers options for MD/DO, PhD, and MD/DO-PhD post-doctoral fellows.

**Minority Hematology Graduate Award Program (MHGA)** offers PhD students exposure to hematology by providing research support over a two-year period to conduct hematology-related research.

**Minority Medical Students Award Program (MMSAP)** includes options for either a summer or flexible part time research experiences for Years 1, 2 or 3 as well as a year long full time research experience for those in Years 2 or 3.

**Minority Resident Hematology Award Program (MRHAP)** offers first- and second-year medical residents additional exposure to the field of hematology and an opportunity to conduct either a summer or flexible part time hands-on hematology research experience.
