

## ASH Bridge Grant Required Documents

- ☐ **Applicant's NIH Biosketch (5-page limit)**
  - Please ensure the biosketch includes present position, training, publications, and current other funding.
- ☐ **Completed Bridge Grant Budget and Budget Justification Form**
- ☐ **Completed Budget Supplemental Form**
- ☐ **First-Year Budget from R01**
  - This will be used only to confirm the percent effort of the applicant on the original R01 application. If your R01 was built on a modular budget, please also provide a detailed budget breakdown.
- ☐ **Institutional Commitment Letter from Department Chair or Division Chief**
  - It must be signed and on official letterhead.
  - The letter should attest to:
    1. The institutional commitment to applicant.
    2. The value of the applicant to the institution.
    3. Commitment to maintaining the investigator's space and position for the duration of the award.
    4. Any training or other professional development opportunities the institution will make available to the applicant during the period of the award.
- ☐ **Specific Aims Page from Original R01**
  - Please do **not** include the complete R01 application.

### *Individuals who submitted an R01 (or equivalent) and have received a critique:*

- ☐ **Complete Summary Statement From Original R01**
  - This should include the committee recommendations and individual study section member critiques.
- ☐ **Response to Critiques from Original R01**
  - For applicants whose initial (A0) application was not funded: include a two page response to the study section critiques that addresses the work to be performed prior to resubmission and how each major issue raised in the critique can be answered in a resubmission (Please follow NIH formatting.).
  - For applicants whose resubmitted (A1) application was not funded: Include a proposed one-page "specific aims" statement from the next R01 you intend to submit, and give up to two pages that describes how these aims are achievable in the light of the non-funded A1 critiques and your ongoing and near future research plans (Please follow NIH formatting.).

### *Individuals who submitted an R01 (or equivalent) and have not received a critique:*

- ☐ **Research Strategy**
  - Please submit the exact document submitted as part of the R01
